#### Best of the Best Mini-Conference

To help the women in our church and surrounding community can trust God in any situation if they know Him as Savior.

Planned the day around the "Best of the Best" national conference DVD of the Women of Faith speakers. We started with a continental breakfast, worship led by a female worship team from our church, and then several

sessions of WOF speakers. A baked potato bar with salad lunch was a nice luncheon break followed by some of our ladies dressed as the real WOF speakers entertaining our guests with a short skit.

The program ended with the last two speaker sessions allowing time for small group discussion on what it means to be adopted into God's family. We invited a local Christian book store to run a book table with appropriate books for sale during our event.

Many women in our area cannot afford the cost of WOF tickets when they come to town and this was a very inexpensive (\$10.00 ticket) way to take advantage of WOF speakers to offer women a mini- conference of our own.

Advertising was very important. We printed attractive posters and distributed them to the local area businesses as well as sent hand written post cards invitations to area women's ministries. Several ladies took over the lunch preparation and serving. Another lady was responsible for setup and cleanup. Several door prizes were given away during the event from our local Christian radio station.
